

BIOS

JOYCE VARUGHESE, MD, is a board certified, fellowship trained gynecologic oncology surgeon. She completed her fellowship in gynecologic oncology and residency in obstetrics and gynecology, serving as administrative chief resident, at Yale University. She previously served as interim division director of Gynecologic Oncology at Saint Peter's University Hospital and is a clinical assistant professor at Robert Wood Johnson-Rutgers Medical School. Dr. Varughese is an HPV expert for the American Academy of Pediatrics-New Jersey.

ELMER GAMBOA MD, is board certified in anatomic and clinical pathology and fellowship trained in hematopathology. At Saint Peter's University Hospital, he served as chief of the hematology service in the Department of Pathology and Laboratory Medicine. In addition to his skills in pediatric and adult hematopathology, his expertise includes breast, gynecologic, gastrointestinal, urologic and pulmonary pathology. His participation in graduate medical education included direct supervision and instruction of medical students and residents while at Rutgers Robert Wood Johnson Medical School and St. Peter's University Hospital.

PUTHENMADAM RADHAKRISHNAN, MD, is a board certified pediatrician, a pediatric hospitalist at Capital Health, medical educator, and medical director of a health clinic serving Medicaid and students without access to vaccines. Previously, he was a pediatric emergency physician. He is an executive committee member of the NJAAP where he has held numerous posts. He is

actively involved with its annual free flu vaccine campaign, a medical consultant for the Sunshine Foundation's annual Dreamlift, child abuse and lead poisoning programs, and a current a team leader for the CQN immunization project.

ASHLEE N. GODSHALK RUGGLES, MD, is a board certified, fellowship trained colorectal surgeon specializing in minimally invasive procedures. She completed two fellowships at the University of Texas Health Science Center focusing on minimally-invasive colon and rectal surgery, and her clinical interests include quality of life, Enhanced Recovery After Surgery (ERAS) protocols, and minimally invasive surgical approaches.

NISHANT REDDY, MD, is an otolaryngologist - head and neck surgeon specializing in head and neck diseases including thyroid and parathyroid disorders, ear infections, voice and swallowing disorders, sleep apnea, allergies, and head and neck cancer for pediatric and adult patients. He is interested in complex sinonasal disorders and performs minimally-invasive balloon sinuplasty.

ABOUT THE ROSE KLINE ONCOLOGY LECTURE SERIES

Mrs. Rose Kline was diagnosed with breast cancer at 60 years of age, surviving more than nine years with a positive and courageous outlook until 1985. The Kline family established a lecture series in 1994 to pay tribute to Rose. The Rose Kline Oncology Lecture Series at Capital Health has become a hallmark in providing contemporary clinical education in the practice of oncological medicine for physicians, nurses and allied health care professionals.

ROSE KLINE ONCOLOGY LECTURE SERIES

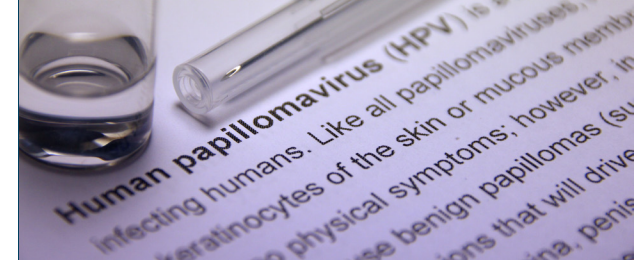

THE HPV EPIDEMIC: Prevention and Health Implications for Men and Women, Childhood through Adulthood

Thursday, October 22, 2020

5 – 8:30 p.m.

Virtual Program

ROSE KLINE ONCOLOGY LECTURE SERIES

THE HPV EPIDEMIC: Prevention and Health Implications for Men and Women, Childhood through Adulthood

Thursday, October 22, 2020

5 – 8:30 p.m.

Virtual Program

Maximum of 2.75 AMA PRA Category 1
Credits™ or 2.75 Nursing Contact Hours
Lecture is for Medical Professionals Only.

capitalhealth.org/cancer

OVERALL PROGRAM OUTCOMES

- Describe the impact of HPV on gynecologic, anal, and oropharyngeal cancers.
- Identify HPV prevention strategies for the adult and adolescent patient.

LEARNING OBJECTIVES

Upon completion of the program, participants will be able to:

- Define the role of HPV in the pathophysiology of pre-cancers and cancers of the cervix, vagina, and vulva.
- Discuss treatment options available for HPV-related pre-cancers and cancers of the cervix, vagina, and vulva.
- Review and discuss the cytologic and histologic pathologic findings of HPV infection and the application of the Bethesda System for Reporting Cervical Cytology.
- Promote a multi-disciplinary approach in the management of HPV related uterine cervical and head and neck lesions.
- Identify practice initiatives to increase coverage.
- Describe the relationship between HPV and anal cancer.
- Recognize patients at high-risk for anal cancer.
- Explain the risk factors, presentation, and management of HPV-associated oropharyngeal carcinoma.

CME/CNE ACCREDITATION

Successful completion of contact hours requires participants to sign-in, complete an evaluation form and attend the entire program.

AMA CREDIT DESIGNATION STATEMENT

Capital Health is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians. Capital Health designates this live activity for a maximum of 2.75 AMA PRA Category I Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
